Acknowledgements: The research on which this paper is based was funded as part of Defra's Sustainable Intensification Research Platform (Project LM0302). Thanks go to all the farmers who participated in this study and to the wider SIP research team; particularly Michael Winter, Carol Morris, Matt Loble and Rob Fish for their leadership in the wider reporting of the SIP2 work packages, which this paper draws upon.

Funding: Defra Project LM0302

Conflict of Interest Statement: The authors report no conflicts of interest.

Data availability Statement

Data reported here is referenced and available online from Morris et al. (2017) Baseline Farm Survey – Final Report. WP 2.2A Task 2. DEFRA SIP 2.

Qualitative data from the Conwy area is available from the authors on request and published in Wynne-Jones et al. (2017) Conwy Area Case Study. WP 2.2B. DEFRA SIP 2

Key words: Sustainable Intensification; Farmers' Cooperation; Social Sustainability; Multi-functionality; Uplands; Agriculture.
